

Dear dr Balogh,

Dear colleagues,

With great sadness we received the news that our colleague dr Maria Kiss recently has passed away. Please, accept our condolences for this loss.

We had the opportunity of knowing and collaborating with Maria Kiss from 1970-ties to next few decades as she played active role in maintaining connections between Hungarian and Serbian ethnologists and folklorists, and especially between our two Institutes. Her work on South Slavic customs in Danube region is significant for Serbian ethnology as well.

She will be remembered not only as a good professional, but as a very nice person by her colleagues and friends in Institute of Ethnography SASA, Belgrade.

In the name of all the colleagues of the Institute of Ethnography SASA

*Dr. Radojicic*

Dr Dragana Radojicic, Director
